## ABOUT ME

---

My passion for technology began at the young age of 13, when my curiosity inspired me to start coding my own game modifications in JavaScript with NodeJS. Now, at 19, my academic journey at NSCC has equipped me with a solid foundation in industry-standard technologies, finally preparing me for work experience.

## SKILLS

---

Agile | Python | Java | HTML | CSS | JavaScript | Apache | Git | GitHub | Docker | Linux | AWS | DevOps  
Adaptability | Time Management | Communication | Problem Solving | Teamwork | Quick Learning | Self Learning

## EDUCATION

---
